

Advanced Hard and Soft Tissue Regenerative Techniques in Implant Therapy

November 17–19, 2027, **Budapest**

Dr. Istvan Urban
DMD, MD, PhD

Dr. Urban is Associate Professor at the University of Szeged, Hungary, and Adjunct Clinical Associate Professor at the Department of Periodontology and Oral Medicine at the University of Michigan. He also serves as a lecturer at the Harvard School of Dental Medicine and as a board member of the Osteology Foundation.

In addition to his academic appointments, Dr. Urban runs a private dental surgery practice in Budapest, specializing in comprehensive implant therapy with a focus on aesthetic dentistry, peri-implant plastic surgery, bone reconstruction, dental implants, and the preservation of natural teeth.

He has published numerous scientific articles and book chapters in the fields of bone and soft tissue reconstructive surgery. Dr. Urban is the author of the textbook Vertical and Horizontal Augmentation, published by Quintessence and translated into 12 languages. More recently, he authored the follow-up volume VERTICAL 2: The NEXT LEVEL.
